Objectives of CCPTR

- To Promote collaboration with other academic and professional organization shaving national/international reputation in their specific care as of expertise.
- To best high quality teaching learning practices and specific professional skill sets to the students.
- To expand the student base of the University.
- To use the pooled resources of the collaborating organizations in a synergistic manner so as to help the University elevate its academic standards.
- To foster quality professional education in West Bengal and enhance employment opportunities. All the above to be done as per the quality mandate prescribed by different academic/statutory/Government bodies for the greater interest of the students

ABOUT School of Medical Technology

School of Medical Technology under the aegis of SSMT was established in the year 1992 with the aim to educate youths in allied health care courses. Which in one hand will give sustainable employment to youths in the other hand facilitate the presence of skilled man power in health care system. During covid we found the demand of skill healthcare workers and paramedics in global healthcare system. In this present pandemic scenario health care workers worked 24x7 in different hospitals across the country. Union Government and all state government appreciated the tireless effort of paramedics to combat the COVID -19. Day after day the demand of paramedics are increasing. So as a career option all paramedical courses are very promising. Infact, no skilled paramedics are unemployed as the demand is rising sky-high.

Students theoretical understanding is supplemented by a practical orientation developed through lecturers by leading academicians.

.

INTERNAL EXAMINATION

In order to check the performance of the students College conducts regular class tests etc.

STUDENT PROGRESS REPORT

College keeps close eye on the overall performance of the student and send monthly progress report of students to their parents/guardians.

STUDENT FEEDBACK

Management of the college takes regular feedback from students regarding faculty and other related problems etc. and tries to sort their problems on top priority.

STUDENT SUPPORT SERVICES

We apply all sincere & possible efforts to shape the career of the students so as to make them not only a complete Professional but also a responsible citizen. Students are provided with all sorts of modern amenities and extra ordinary care is taken towards overall development of their personality.

INFRASTRUCTURE

Institute has well-furnished air condition class rooms, library, staff room & other college related accommodation. Due to security reason college has recently introduced close circuit cameras in and outside the college.

BOOK BANK FACILITY

Institute has library cum reading room for students comprising of text books, reference books etc.

PLACEMENT CELL

We at SSMT believe that a job-oriented training session that does not culminate in income generation for the beneficiaries is of little relevance. Thus, we have derived a scheme of employment that fits itself to the need of the beneficiary. We have a post training placement assistance wing through which we help the trainees to get their own jobs. To ensure prolonged benefits of support service we hold interactive sessions on employment scopes every two months for six months post training with beneficiaries unable to establish themselves and accordingly submit feedback reports to the concerned authority.

Steps of wage Placement-

- Prepare data bank of beneficiary.
- Conduct counseling of beneficiaries to identify who are interested for wage employment/who are interested for self-employment, and who are not interested at present because of higher studies or personal problem.
- Accordingly, we collect C.V from all beneficiaries
- We send C.V of the beneficiaries to the Employer from our Employer's Bank
- Employer conduct interview and select the candidate
- Later the employer confirm appointment and intimate the candidate and us.

Support for Self-Employment:

As we have seen that most of the trainees are not confident of starting their individual units immediately after training and require loan. We give the name of Govt. agency who gives loan at subsidized rate or loan at a very low interest. We give all support like filling of form, prepare project proposal and other relevant formalities.

ANNUAL DAY FUNCTION

Institute organizes Annual Day function every year. Prominent person, academicians from or outside the state is invited as Chief Guest for the function. The students of the college present various cultural items.

SEMINARS

College also organizes seminars on various National Events such as World Aids Day, Teacher's Day and other important days.

RULES AND REGULATIONS

Violation of rules will result in disciplinary action against the offender including his/her suspension and/or discharge from the college. A student may be expelled from the college at any times on the following grounds

1. Unsatisfactory conduct
2. When his/her activities are found detrimental to the interest of the college, management or other students.
3. When he/she indulge in unlawful/anti-national activities.
4. When payment of fee is delayed beyond the prescribed time schedule.
5. When he/she is absent from more than two successive week without any application/information to institute
